

461 US. Hwy 285 Fort Stockton Texas, 79735

**Weatherization Assistance Program
General, Electrical & Plumbing Materials and Labor Bid Packet**

Enclosed are Materials and Labor bid packets for the following programs and contracts.

1. Weatherization Assistance Program (WAP) – Multi - Family General, Electrical & Plumbing Contract.

Responders may bid on an individual contract or bid on all Electrical contracts. Please note the bids must be received at Community Council of South-Central Texas, Inc. office at 461 us. Hwy 285 Fort Stockton, **no later than 3:00 p.m. on Monday, November 6, 2023.**

**THE BIDS MUST BE RETURNED IN TWO SEPARATE ENVELOPES WITH
COMPANY NAME VISIBLY DISPLAYED AND CLEARLY MARKED ON THE
OUTSIDE AS FOLLOWS**

1st Envelope listed as follows.

PROPOSED BID – DO NOT OPEN

General, Electrical & Plumbing MULTI - Family - Material and Labor Bid

Place only pages 12 - 22 of the bid packet into this envelope

2nd Envelope listed as follows.

REFERENCES ONLY

REFERENCES NOTES

If supplying proposals for multiple contracts, accompanying references are required with each contract proposal. References will be verified prior to the bid opening, as specified in the bid packet under Bidder Eligibility. Therefore, you need to place the remaining sheets of the bid packet into a second envelope and clearly mark it as: **REFERENCES ONLY (LIST SPECIFIC BID EACH REFERENCE ACCOMPANIES)**

The Proposed Bids will be opened at the public bid opening scheduled at the Community Council of South Central Texas, Inc office at 461 US. Hwy 285 Fort Stockton on **Tuesday November 7, 2023, at 10:00a.m.** All interested parties are encouraged to be present.

Advertisement for Material and Labor Bids

Community Council of South-Central Texas, Inc. (CCSCT) in Seguin, Texas is soliciting Material and Labor Bids from experienced building construction **for a primary and/ or a secondary contractor for the following contracts: Single family, Multifamily HVAC businesses, single family and Multifamily general, electrical and plumbing.** Experience is relative to the installation of federally eligible Weatherization Assistance Program measures along with any additional federal, state or local funding awarded for home perseveration and energy efficiency measures. Weatherization Assistance Program (WAP) and measures extend to dwellings of low-income individuals and families residing in the **CCSCT eight county WAP service areas to replace inefficient central systems, weatherize houses for qualified applicants in a contract year.**

CCSCT Weatherization Assistance Program eight county service area includes: Brewster, Crane, Culberson, Hudspeth, Jeff Davis, Pecos, Presidio, Terrell.

Bid packets may be obtained in person during normal business hours (8am – 5pm) at 461 US. Hwy. 285 Fort Stockton 79735, or at 400A South Getty Street, Uvalde, TX or 801 N State Hwy 123 Bypass, Seguin, Texas 78155, requested by telephone at 432 – 243 – 0051, (830) 303-4376, (830)-261-5514 or downloaded from <http://www.ccsct.org/about-us/request-for-bids/>. A pre-bid conference for WAP program will be held at 10:00 a.m. on Wednesday November 1, 2023, at 461 US. Hwy 285 Fort Stockton Texas 9735. All completed bid packets must be received at the Community Council of South-Central Texas, Inc. office located at 461 US. Hwy 285 Fort Stockton Texas, 79735 no later than 3:00 p.m. on Monday, November 6, 2023. Proposals may be mailed to the above address; however, CCSCT shall not be responsible for late or delayed delivery. The proposals will be opened at 10:00 a.m. on Tuesday, November 7, 2023, at the public bid opening scheduled at 461 US. Hwy 285 Fort Stockton Texas, 79735. The final selection process will be based on standardized scoring and competitive negotiation for the purpose of selecting subcontractors. CCSCT reserves the right to refuse any and all bids. For competitive bids, Contracts will be awarded for a one year term and may be extended on a yearly basis, up to an additional four (4) years based on satisfactory performance and the availability of funds. Otherwise only a one (1) year contract can be offered.

Community Council of South Central Texas, Inc. is an equal opportunity employer.

COMMUNITY COUNCIL OF SOUTH CENTRAL TEXAS, INC

Solicitation for Weatherization Contract

PROGRAM DESCRIPTION:

Community Council of South Central Texas, Inc (CCSCT) is soliciting bids from experienced electrical contractors. Experience is relative to the installation of federally eligible Weatherization Assistance Program (WAP) energy conservation and home preservation measures in a seventeen (17) county area including Brewster, Crane, Culberson, Dimmit, Edwards, Hudspeth, Jeff Davis, Kinney, La Salle, Maverick, Pecos, Presidio, Real, Terrell, Uvalde, Val Verde, and Zavala counties.

The Weatherization Program is operated under the rules, regulations, and requirements promulgated by the Department of Energy (10CFR440) and by the state-funding agency, Texas Department of Housing and Community Affairs (TDHCA). Work performed and measures installed must meet all TDHCA standards and be in full compliance with applicable program guidelines and federal, state and local codes.

DESCRIPTION OF WORK:

A. Material & Labor

Using blower door guided air-sealing approaches; the successful bidder will install measures designed to reduce air exchange, to preserve the integrity of the home's thermal envelope, to reduce energy consumption and to ensure the residents' health and safety. Some of the types of measures are listed below:

Install weather stripping, caulking, and switch/outlet gaskets.

Replace and/or repair windows and doors.

Installing storm windows and solar screens

Repair cracks, gaps and holes in ceilings, exterior and interior walls, and floors

Insulating attic space, walls and floors

Venting attic space, installing and/or insulating attic accesses.

Installing LED bulbs

Window AC replacement with Energy Star Window Units

Refrigerator replacement with Energy Star Refrigerators

Whole house ventilation fans (ASHRAE 62.2 requirements)

B. Electrical (Must be Licensed)

Knob and Tube replacement

HVAC circuit installation

Major appliance circuit installation

Service line connection to house

ASHRAE 62.2 Ventilation circuit installation

Additional electrical services to complete Weatherization service to a multi-family unit.

C. Plumbing/Vented & Wall Mount Heater Installation (Must be Licensed)

Installation of Vented Space Heaters (90%)

Installation of Wall Mount Space Heaters (90%)

Replacement of gas/propane & electric water heaters

Repairs to water supply lines and gas lines/connections to protect weatherization measures.

Insulating water heaters and pipes.

PERIOD COVERED:

CCSCT reserves the right to reject any or all bids and/or to cancel this solicitation at any time prior to contract award. Should a contract be awarded pursuant to this procurement, the initial contract period should be 12/01/23 through 11/30/24. For competitive bids, Contracts will be awarded for a one year term and may be extended on a yearly basis, up to an additional four (4) years based on satisfactory performance and the availability of funds. Otherwise only a one (1) year contract can be offered.

BID PRICE:

Material and Labor for customary Weatherization General, Electrical, & Plumbing work must be in written form and must be submitted on the Material and Labor Bid Sheets, Attachment I. Bid prices must be maintained for the initial contract period described above. Quoted prices shall be the completed price at any work site within the previously described county service areas, and may not include separate packaging, handling, shipping and/or delivery charges or travel expenses.

All quoted materials must meet the Department of Energy (DOE) material specifications, current ASHRAE Standards, IAPMO Standards and National Electrical Code and other federal, state, and local material specifications. Weatherization material proposals must comply with the minimum standards set forth in the International Building Codes 2015, Texas Department of Housing and Community Affairs current Standard Work Specifications, Materials, and Installation Standards Manual. The TDHCA Standard Work Specifications and Materials and Installation Standards Manual is available for review at 461 US. Hwy 285 Fort Stockton Texas or at <http://www.tdhca.state.tx.us/community-affairs/wap/guidance.htm> . Documentation related to these standards must accompany this bid and follow Attachment I.

BIDDER ELIGIBILITY:

1. Bid packages which are incomplete, prices do not tabulate correctly, lack required documentation, or are illegible will be considered non-responsive and will be rejected. Submission must include all referenced attachments and required documents.
2. Bids received after the published deadline shall not be accepted and shall be returned unopened to bidder. All bids must be submitted to CCSCT at 461 US. Hwy 285 Fort Stockton Texas. The bid must be in a sealed envelope, clearly marked on the outside as indicated on Page 1. Otherwise, the envelope will be returned unopened and considered "NON-RESPONSIVE".
3. Bidders must have at least 3 years of experience in weatherization or construction and/or HVAC and/or plumbing and/or electrical. Applicable experience must be documented on Attachment II, Bidder's Experience.
4. Bidders must have the staff, equipment, financial and technical resources needed to effectively perform all required activities specified in the previous Description of Work. Applicable information regarding these criteria shall be recorded on Attachment III & IV, Technical and Financial Resources.
5. Bidders must comply with all applicable federal, state, and local laws and regulations, must have adequate general liability and vehicle insurance and may not be on a local, state or federal Consolidated List of Debarred, Suspended and Ineligible Contractors and Grantees. Required documentation is outlined in Attachment V, Legal and Other Bidder Requirements.
6. CCSCT reserves the right to reject any/all bids.

CONTRACTOR SELECTION:

A contract pursuant to this solicitation, if awarded, shall be based on CCSCT's evaluation of price, past performance and experience, financial and technical resources, and compliance with all legal and other bidder requirements. Specific criteria weighted values are described in Attachment VI, Bid Evaluation Sheet.

PRE-BID CONFERENCE:

CCSCT will hold a pre-bid conference at 10:00a.m. on Thursday November 1, 2023, at CCSCT's office located at 461 US. Hwy 285 Fort Stockton Texas. Attendance is optional, but may be advantageous, as potential bidders will have the opportunity to ask questions and/or seek clarification regarding any and all aspects of this bid process. All questions must be submitted in writing to CCSCT at 461 US. Hwy 285 Fort Stockton Texas at least one day prior to the pre-bid conference. CCSCT will provide written responses to all questions for all bidders in attendance at the bidder's conference and by mail, fax, or e-mail to prospective bidders (all who pick up /request a bid packet) not in attendance. CCSCT will not respond to any questions after the pre-bid conference.

**CONTRACTUAL AGREEMENT
GENERAL, ELECTRICAL & PLUMBING MULTI - FAMILY
STANDARD SPECIFICATIONS & CONDITIONS**

The following standard specifications and requirements shall be binding upon the Community Council of South Central Texas, Inc (CCSCT) Contractor (if selected) pursuant to this solicitation. These standard specifications and requirements are applicable for Weatherization (WAP) and/or additional State/Federally funded programs awarded to CCSCT. This document shall be incorporated, by reference, into any contract for WAP services which result from this procurement.

1. Contractors shall furnish all materials necessary for delivery of services in the seventeen (17) county areas for programs listed above. All materials shall meet all current applicable Federal, State, and local standards and specifications. Weatherization materials shall comply with the Texas Department of Housing and Community Affairs Materials Installation Standards Manual. CCSCT shall not be billed for transportation or delivery costs. Materials shall be new and in good condition. CCSCT shall not be charged for items which are damaged prior to or during installation or for wasted materials.
2. All weatherization materials shall be installed in accordance with the standards contained in the TDHCA Weatherization and Mechanical Field Guides, current Material Standards Manual, Standard Work Specifications, IRC 2015, NEC Standards. CCSCT shall pay only for those materials which meet applicable standards, and which are acceptably and properly installed on eligible dwelling units.
3. It is CCSCT's intent to secure a quoted price (i.e., bid) for all customary materials and labor. Incidental items not included in CCSCT's solicitation (i.e., nails, screws, fasteners, miscellaneous hardware, etc.) shall not be billed to CCSCT. Unusual or one of a kind circumstances or development of new (DOE/TDHCA approved) products or materials shall be addressed on a case-by-case or as needed basis.
4. Contractor shall furnish all labor pursuant to completion of activities in CCSCT's nine (9) county area. The Contractor is required to attend all final inspections in order to correct any work as required by CCSCT, funding source and/or Federal/State/local inspection.
5. On-site supervision must be provided. Field staff must be proficient in installing approved measures. Must meet required OSHA and EPA certifications as listed on Attachment IV for each contract.
6. For Weatherization, CCSCT shall conduct an initial air test (on feasible units) prior to undertaking air-sealing activities and shall conduct and record a final air exchange reading upon completion of the air sealing work. The final air exchange rate must be within the desired air exchange range (and minimum ASHRAE, DOE and TDHCA ventilation requirements must be maintained).
7. Once a job is completed, the Contractor must remove all debris from the job site and dispose of it in a proper and responsible manner. The Contractor shall take every precaution necessary to protect all existing trees, shrubbery, plants, sidewalks, buildings, vehicles, etc. in the area where work is being done, as well as the building covered by the contract, and shall rebuild, repair, restore and make good at his own expense all injury and damage to same which may result from work being carried on under this contract.

**CONTRACTUAL AGREEMENT
GENERAL, ELECTRICAL & PLUMBING MULTI - FAMILY
STANDARD SPECIFICATIONS & CONDITIONS
(CONT'D)**

8. The total allowable materials and labor cost per measure shall be determined prior to the Contractor starting work. The total dwelling costs for weatherization may not exceed established Program maximums. Change Orders require approval prior to installation of measures or measures will be at Contractor's expense.
9. CCSCT shall not be charged separately for sub-contractor's cost for job-related transportation, tools or equipment needed to perform work or for disposal of debris removed from the job site, for staff training or for fringe benefits.
10. Contractor is responsible for any job-related illness or injury to workers in his/her employment, and shall indemnify and hold harmless CCSCT, CCSCT staff, and CCSCT clients in the event an on-the-job illness or injury occurs.
11. Contractor must submit itemized material and labor cost statements for each approved job completed and the statement shall be presented in a format required by CCSCT. All work is performed on a reimbursement basis. No draws or advances shall be provided under this agreement. Only when the dwelling unit or facility repair has been completed, CCSCT has received the material and labor cost statement, the unit or facility repair has passed the agency's final inspection and CCSCT has received the funds from TDHCA, or appropriate funding source will payment for the materials and labor be made. Payment will normally be made within 60 days of final agency acceptance. Payment will be made by check and mailed to the address provided by the Contractor only.
12. All work assigned pursuant to this contract must be completed in a timely and expeditious manner. CCSCT shall provide a work schedule which shall ensure that its contractual obligations to TDHCA for Weatherization are met. Failure of the Contractor to perform in accordance with said schedule may be grounds for termination of the services agreement.
13. Contractor must correct any bonafide materials and/or workmanship deficiency identified during the agency final unit inspection. Contractor or approved designee must accompany CCSCT inspector on final inspections, except when waived by CCSCT. Failure to take required corrective action within a reasonable time period (normally 5 working days) may result in termination of this agreement. Measures that require more than two inspections due to the sub-contractor's failure to meet the specified work requirements shall result in each additional inspection being charged to the Contractor at the rate of \$400.00 per re-inspection. A money order or cashier's check shall be mailed to CCSCT-Weatherization, 801 N Hwy 123 Bypass, Seguin, TX 78155, for these extra charges.
14. Contractor must promptly correct any deficient performances identified by inspections performed by CCSCT, Texas Department of Housing and Community Affairs (TDHCA), Department of Energy (DOE), Federal/State/Local Code Inspectors and/or complaints by the clients for a period of twelve (12) months after date of unit completion. Corrections must be made within 5 days of notification.

**CONTRACTUAL AGREEMENT
GENERAL, ELECTRICAL & PLUMBING MULTI - FAMILY
STANDARD SPECIFICATIONS & CONDITIONS
(CONT'D)**

15. Contractor must recognize the special needs and concerns of low-income, elderly, and disabled clients and must ensure that clients are at all times treated respectfully and courteously. Contractors and/or staff must always conduct themselves in a professional manner.
16. Contractor must retain all work and cost records for a minimum period of three (3) years after payment for the dwelling unit or facility repair has been made and all other pending matters are closed. This requirement is to assure fair settlement of disputes or complaints that may arise, as well as to fulfill federal audit requirements.
17. Contractor must conform to all current Federal, State and Local material standards, specification, and code requirements; 10 CFR 440, Appendix A to Part 440 - Standards for Weatherization Materials and 2012 TDHCA Material Standards Manual, NEC Standards and 2015 IRC standards.
18. The Weatherization Assistance Program (WAP) is federally funded. Any known or suspected incident of fraud or program abuse involving Contractor or the Contractor's staff will be reported to the appropriate state or federal investigative body or official.
19. Contractor is required to provide current plumbing and electrical license including Master and Journeyman along with the required OSHA and EPA certifications listed on Attachment IV of each contract.
20. The Contractor must meet the following and must provide assurances of the same.
 - a. **Equal Employment Opportunity**--Compliance with Executive Order 11246, entitled "Equal Employment Opportunity", as amended by Executive Order 11375, and as supplemented in Dept. of Labor regulation (41 CFR part 60).
 - b. **Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c)** --The sub-contractor must comply with the Copeland "anti-kickback" Act (18 USC 874 and 40 U.S.C.276c) as supplemented in Department of Labor regulations (29 CFR, Part 3, "Contractors and Sub-contractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or sub-recipient shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. Any suspected or reported violations of this act shall immediately be reported to TDHCA.
 - c. **Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333)** --compliance with Sections 102 and 107 of the Contract work Hours and Safety Standards Act (40 U.S.C. 327-333), as supplemented by Department of Labor regulations (29CFR part 5). Under Section 102 of the act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market or contracts for transportation or transmission of intelligence.

**CONTRACTUAL AGREEMENT
GENERAL, ELECTRICAL & PLUMBING MULTI - FAMILY
STANDARD SPECIFICATIONS & CONDITIONS
(CONT'D)**

- d. **Rights to Inventions Made Under a Contract or Agreement**--Contracts or agreements for the performance or experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
- e. **Clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.), as amended**--Contracts and sub-grants of amounts in excess of \$100,000 shall contain a provision that requires the recipient to agree to comply with all applicable standards, orders or regulations issued pursuant to the clean Air Act (42 U.S.C. 7401 et seq.) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et seq.). Violations shall be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA) (40 CFR, Part 15).
- f. **Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)** --Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence any officer or employee of any agency, a member of Congress, officer or employee of Congress, or any employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Any disclosures are forwarded from tier to tier up to the recipient.
- g. **Debarment and Suspension (E.O.s 12459 and 12689)** --No contract shall be made to parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Non-procurement Programs in accordance with E.O.s 12549 and 12689, "Debarment and Suspensions." This list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractors declared ineligible under statutory or regulatory authority other than E.O.s 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

I HEREBY ACKNOWLEDGE HAVING READ AND CERTIFY THAT I UNDERSTAND AND FULLY ACCEPT ALL THE CONTRACTUAL TERMS AND CONDITIONS WHICH ARE SET FORTH HEREIN AND WHICH SHALL BE INCLUDED IN ANY CONTRACT DOCUMENT EXECUTED PURSUANT TO THIS SOLICITATION.

BIDDER'S EXPERIENCE & INTEGRITY (25 POINTS)

1. YEARS OF EXPERIENCE

_____ Number of years' experience you/your company has in construction and/or weatherization work. Please attach information, which can be used to verify your experience. (1 pt. will be awarded for each year of experience up to a maximum of 4 pts.)

2. RECORD OF PAST PERFORMANCE

List below the names, addresses and phone numbers of 3 previous clients as references for whom you/your firm have performed construction and/or weatherization activities in the past 12 months. (maximum of 21 pts). No points will be awarded for references, which cannot be verified, or who indicate that the work performed, or staff conduct was unsatisfactory. Listed below are the questions that will be asked of each reference and the point value attached to their response:

Question #1: Which of the tasks below were performed? 1 pt.

Ref.#1 Insulation Replace doors/windows Air infiltration Misc. Repairs

Ref.#2 Insulation Replace doors/windows Air infiltration Misc. Repairs

Ref.#3 Insulation Replace doors/windows Air infiltration Misc. Repairs

Question #2: Please rate the quality of work completed. Was the quality.

Very Good – 3 pts. Good – 2 pts. Fair – 1 pt. Poor – 0 pts.

Ref.#1 Very Good Fair Ref.#2 Very Good Fair Ref.#3 Very Good Fair
 Good Poor Good Poor Good Poor

Question #3: Was the contractor timely in completing projects? Yes – 1 pt. or No – 0 pt.

Ref.#1 Yes Ref.#2 Yes Ref.#3 Yes
 No No No

Question #4: Would you contract with this individual again? Yes – 1 pt. or No – 0 pt.

ATTACHMENT V
VENDOR'S CERTIFICATION

I hereby certify that the prices quoted shall be the delivered price to all work sites within the CCSCT seventeen (17) county areas and shall include all packaging, handling, shipping and delivery charges, and the removal of all debris from the premises.

I understand that CCSCT is exempt from state and local taxes and have therefore not included the taxes in the pricing provided herein.

I acknowledge that the quoted prices must remain in effect throughout the original contract period. I further certify that all quoted materials meet the specifications contained in this quotation document and have provided proof of same.

CCSCT reserves the right to purchase the quoted items for emergency purposes from other businesses/vendors on a per item basis.

LEGAL AND OTHER BIDDER REQUIREMENTS

1. The successful bidder for each contract will be given 5 days to provide Community Council of South Central Texas, Inc with a copy of the firm's;
 - A. Comprehensive general and automobile liability insurance, or insurance carrier's letter of certification, required for all contracts.
 - B. Texas Worker's Compensation System proof of coverage. Non-subscribers must, if awarded the contract, sign the Texas Workers Compensation Commission Joint Agreement to affirm independent relationship for certain building and construction workers form, required for all contracts.
 - C. Environmental Protection Agency (EPA) LEAD-SAFE CERTIFIED FIRM certificate. If not certified, proof of application to become certified and must provide the LEAD-SAFE CERTIFIED FIRM certificate within 5 days of receiving the certificate. Required for successful Weatherization Material & Labor and Plumbing Material & Labor bidder.
 - D. Lead-Safe Certified Renovator certificate for Jobsite Supervisors or Crew Leaders. Required for successful Weatherization/Facility and Plumbing Material & Labor bidder.
 - E. Occupational Safety and Health Administration (OSHA) 10-hour OSHA training course certificate for all non-supervisory employees. Required for all contracts.
 - F. Occupational Safety and Health Administration (OSHA) 30-hour OSHA training course certificate for all supervisory employees. Required for all contracts.

Should the successful bidder not be able to provide this information, the bidder scoring the 2nd highest points will be contacted.

2. Provide a notarized statement attesting that the firm is not listed on any federal, state or local (i.e. GSA/HUD/GAO) list of debarred, suspended and ineligible contractors and grantees.
3. Provide a notarized statement attesting that the firm complies with the Department of Labor Fair Labor Standards Act and that the firm meets all equal employment, affirmative action and non-discrimination regulations.
4. The successful bidder must provide CCSCT with documentation that all materials to be used in the Weatherization program comply with DOE Standards. Receipt of this documentation is a condition that must be met before CCSCT will sign the contract with sub-contractor.
5. Documents to be submitted (in the order listed) with the bid package:
 - A. Signed copy of contractual requirements
 - B. Attachment I – Materials and Labor Bid Sheet
 - C. Attachment II – Bidder's Experience & Integrity
 - D. Attachment III – Bidders Technical Resources
 - E. Attachment IV – Bidders Financial Resources
 - F. Attachment V – Vendors Certification
 - G. Attachment VI – Legal & Other Bidder Requirements
 - H. Attachment VII – Debarment and Suspension
 - I. Attachment VIII – Bidders Evaluation Sheets

ATTACHMENT VII
DEBARMENT AND SUSPENSION

TO WHOM IT MAY CONCERN:

Debarment and Suspension (E.O.s 12459 and 12689)-No contract shall be made to parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Non-procurement Programs in accordance with E.O.s 12549 and 12689, "Debarment and Suspensions." The list contains the names of parties debarred, suspended, or otherwise excluded by agencies, and contractor declared ineligible under statutory or regulatory authority other than E.O.s 12549. Contractors with awards that exceed the small purchase threshold shall provide the required certification regarding its exclusion status and that of its principal employees.

We certify that this company and its principal employees have not been debarred, suspended, or otherwise excluded from doing business with the federal government.
